WELCOME TO STAGE READY!

HOSTED BY | BROADWAY Theatre League OF UTICA

JULY 22 – 25, 2024

WHAT TO EXPECT AT STAGE READY?

Besides learning from one of the best in the industry and meeting new people, you can expect a full day of fun, education around theater, lots of singing, auditioning practice and you'll even write your own short play. Stage Ready will teach you how to be a better performer and writer. This is a sneak peek of what to expect in the real world of theater. Everything you need to know when it comes to acting will be offered to you over the course of the week.

WHAT WILL THE STUDENT LEARN?

Each student will learn everything they need to know when auditioning for their next role. Learn how to mark your music, walk into the audition room, speak to your accompanist, and introduce yourself to the people behind the table. Once the basics are taught, Mott will work with students on vocals and body language when it comes to performing. Throughout the course of the week students will also learn how to properly write play material. They will take everything they learn throughout the week from Mott and be able to perform a small play on the last day of summer camp.
